Education

March 2026 – Ongoing | PhD Human Geography, University of Vienna, Austria
- **Title of the thesis** : Modelling international remittance flows to evaluate the limits of Translocal Social Resilience under a global polycrisis

October 2020 – January 2023 | MSc Socio-Ecological Economics and Policy, Vienna University of Economics and Business, Austria
- **Title of the thesis** : Green Conflict Minerals ? The impact of "green" resource extraction on organized violence in Africa

October 2017 – July 2020 | BA Philosophy, Politics, and Economics, Durham University, United Kingdom
- **Title of the thesis** : Can a Heterogeneous Agents Model Account for the Wealth Distribution in Italy over the 2010-2018 Period ?

Experience

June 2024 – Ongoing | PhD Candidate, Complexity Science Hub, Austria
- Researcher in the MigraCapax project on the complex impacts of migration of the society and economy of Austria
- Modelling of remittances flows and their response to crises (environmental disasters, aid cuts, covid pandemic)

February 2023 – May 2024 | Financial Stability Analyst, European Central Bank, Germany
- I contributed to the development of the ECB's monitoring framework for climate risks for the financial system, with a focus on supply chains
- I developed and maintained a dashboard on the network structure of the European financial system, international exposures, the climate risk monitoring framework, and the macroprudential policy requirements for European banks

June 2021 – January 2023 | Research Assistant in Ecological Macroeconomics, Vienna University of Economics and Business, Institute for Ecological Economics, Austria
- I worked on simulating the economic and financial effects of macro-financial policies for climate change mitigation using the Stock-Flow Consistent Post-Keynesian model EIRIN within the scope of the GreenFin project

July 2019 – August 2019 | Research Assistant in Applied Microeconometrics, University of Bordeaux, Group de Recherche Economique Théorique et Appliquée, France
- I constructed and analysed several datasets to test the effect of migration policies on patents' innovation in Switzerland

Skills

Technical	MS Office, Git, Dash Enterprise
Programming languages	› **Proficient** : Python, Julia, MATLAB, NetLogo › **Working knowledge** : R, SQL
Markup languages	TeX, Markdown, HTML
Design	Canva, Miro, paint.net
General skills	› Knowledge of data handling, machine learning and modelling for social and economic sciences › Quantitative and qualitative research skills, acquaintance with research grants processes

Languages

	Reading	Comprehension	Speaking	Writing
Italian*	C2	C2	C2	C2
English	C2	C2	C2	C2
German	C1	C1	C1	B2
Spanish	C1	C1	C1	B2
French	B2	B2	B1	B1

Based on CEFR self-evaluation tables.
*mother tongue

Other experiences

ANPI Frankfurt :	Member, activist (2023 - ongoing)
Trevelyan College :	Environment Officer (2020-2023)
Rainbow4Africa :	Night center volunteer (2018)
Gymnasium L. da Vinci :	Volunteer school assistance (2016 - 2017)
