## Education

**October 2020 – January 2023** | Master of Science in Socio-Ecological Economics and Policy, Vienna University of Economics and Business, Austria
- **Title of the thesis** : Green Conflict Minerals ? The impact of "green" resource extraction on organized violence in Africa

**October 2017 – July 2020** | Bachelor's Degree in Philosophy, Politics, and Economics, Durham University, United Kingdom
- **Title of the thesis** : Can a Heterogeneous Agents Model Account for the Wealth Distribution in Italy over the 2010-2018 Period ?

## Experience

**June 2024 – Ongoing** | PhD Candidate, Complexity Science Hub, Austria
- I do research work for the MigraCapax project on the complex patterns driving human migration, with a focus on the role of environmental variability and natural disasters.

**February 2023 – May 2024** | Financial Stability Analyst, European Central Bank, Germany
- I contributed to the development of the ECB's monitoring framework for climate risks for the financial system, with a focus on supply chains
- I developed and maintained a dashboard on the network structure of the European financial system, international exposures, the climate risk monitoring framework, and the macroprudential policy requirements for European banks

**June 2021 – January 2023** | Research Assistant in Ecological Macroeconomics, Vienna University of Economics and Business, Institute for Ecological Economics, Austria
- I worked on simulating the economic and financial effects of macro-financial policies for climate change mitigation using the Stock-Flow Consistent Post-Keynesian model EIRIN within the scope of the GreenFin project

**July 2019 – August 2019** | Research Assistant in Applied Microeconometrics, University of Bordeaux, Group de Recherche Economique Théorique et Appliquée, France
- I constructed and analysed several datasets to test the effect of migration policies on patents' innovation in Switzerland
